

The Future of Neutron Scattering in Canada

You're invited!

**Oct. 15-17, 2010
Saskatoon, Saskatchewan**

Plan to attend the 2010 Canadian Institute for Neutron Scattering's annual general meeting, co-hosted by the University of Saskatchewan and the Canadian Light Source.

Drawing of proposed Canadian Neutron Centre

- Learn about the latest research and applications.
- Find out why Canada needs a new neutron source.
- Take a tour of the Canadian Light Source.
